# NYE COUNTY SCORES ANOTHER TRIUMPH

LOCAL RED CROSS GATHERS 1435 GARMENTS FOR SHIPMENT TO NEEDY BELGIANS

The work of the local Red Cross for the Belgian Relief Commission closed today and it scores another big triumph for the Nye county chapter. A total of one thousand four hundred and thirty-five garments were shipped and will eventually reach the incredibly needy people of the occupied territory of France and Belgium. The Round mountain and Manhattan auxiliaries sent in large consignments that helped materially to swell the total. The time was short but every one responded most liberally and a large part of the garments brought in were by no means cast off clothes but were given at the cost of some sacrifice to the donors. That is the spirit that will win the war!

So many people gave so generously of their time and effort to this cause that a list of them would be cumbersome long but a grateful public is not unobservant nor forgetful of these kindly acts.

# SPIES AT WORK IN AIRPLANE FACTORY

(By Associated Press.) WASHINGTON, March 28.—Senator Overman has charged that German spies are responsible for the country's failure to maintain the airplane program. He charged that there are spies in the Curtiss plant. Overman said he would commandeer the plant and put out every man employed there and hire Americans in their places if he were secretary of war. He declared spies took the metal braces and saved them apart and then joined the pieces with lead. The first Bristol machine that was tried fell. Investigation disclosed the defect. Many other pieces were tampered with and the building of the Bristol machines was delayed two months.

# BRITISH ON LINE THEY ARE ABLE TO HOLD FIRMLY

(By Associated Press.) LONDON, March 28.—Last night's news from the battle front confirms the hopeful impression formed early in the day that the British now appear to be on a line they are able to hold firmly, at least on the Somme and the Ancre rivers. Farther south in the Roye-Noyon region, the situation is less well defined, but it is stated that both the French and British are bringing up reserves there. The correspondents also are showing greater confidence that the enemy will be held on this terrain. The German official communication last night was significantly brief and reserved. It reports the crossing of the Ancre, but only refers to Tuesday's events while the British war office statement shows that the Germans who had crossed that stream were thrown back yesterday in counter attacks. The news from the Somme front is distinctly encouraging, the British having recaptured Morlaucourt and Chilly and advanced to Proyart.

# JUNIOR RED CROSS SHOW A SUCCESS

GIRLS WIN THE INDOOR BASEBALL GAME AND RAILROADERS BASKETBALL

The Airdome was crowded last night with fans eager to witness the two games of the Junior Red Cross entertainment. The score of the indoor baseball game was 11 to 10 in favor of the Junior Red Cross team of girls and the score of the basketball game was 29 to 6 in favor of the T. & G. Railroad team. The crowd had a good time if frequent and loud applause is anything to go by. After the games a jitney dance was enjoyed. The proceeds will go toward buying supplies for the Junior Red Cross, which is doing amazingly good work along several lines of patriotic endeavor.

# LENROOT, REPUBLICAN PREDICTS ELECTION

(By Associated Press.) DODGEVILLE, Wis., March 28.—Congressman Irvine L. Lenroot, in a speech here last night, predicted his election to the United States senate next Tuesday by 50,000 majority. Mr. Lenroot, Republican candidate, said that everywhere Democrats are assuring him they cannot support Joseph E. Davies, the Democratic candidate, because of the character of his campaign. Mr. Lenroot referred to President Wilson's position prior to America's declaration of war and said that if he (Lenroot) were disloyal, then President Wilson was disloyal.

# AMUSEMENTS

## A ROMANCE OF OLD JAPAN

Paramount star and wife, children of the land of lanterns and cherry blossoms met at the University of Chicago.

About a dozen years ago two almond-eyed children, both players on the stage in Tokio, Japan, found themselves mutually attracted to each other, but, like most childish friendships, it was soon forgotten in other and newer interests.

The boy was Sessue Hayakawa, nephew of the manager of the theater. The little girl was Tsuru Aoki.

Years afterwards in far away America, at the University of Chicago, two clever young Japanese people shared the same books and were often seen about together. Later Hayakawa became an actor in moving pictures and migrated to Hollywood, Cal., where he was soon joined by his old time friend and playmate and college mate, Tsuru Aoki. There was one rose-covered bungalow in Hollywood and which greatly appealed to both these young people, who by this time were working together—Hayakawa as the star, and Miss Aoki in supporting roles.

Before many months the cottage was rented and there Mr. and Mrs. Hayakawa are living at the present time. Mr. Hayakawa, who is now classed as the world's greatest Japanese actor, will appear at the Butler tonight in his latest Paramount production, "The Call of the East," a beautiful drama of the Far East, which still has its touch of life in the Occident, as the story starts and centers around an American girl whose father made his fortune in Japan. Also Paramount-Bray cartoon comedy.

Tomorrow Tom Wilbur in a change of catchy songs, Earl Williams in "A Mother's Sin," and Doris Kenyon, supported by three stars, in "The Hidden Hand." Chaplin will be here Sunday.
